

Parts Master Bulk Box

The Parts Master Bulk Box oil management solution helps installers lower working capital expenses while also providing a wide range of oils in an easy to use, convenient dispensing system.

- Improved speed of oil changes as compared to quart bottles due to less product handling
- Clean, professional look in an organized, easy to use dispensing system
- Lower working capital expenses changing over slower moving items from Drums to Bulk Boxes

Full Synthetic Motor Oil

Full Synthetic Motor Oil offers improved protection against heat, deposit and wear

- Excellent engine cleanliness through superior sludge and varnish protection
- Outstanding high-temperature protection under severe driving conditions
- Superior cold-temperature protection through faster oil flow at start-up
- Is fully compatible with all conventional and leading synthetic motor oils

Heavy Duty Engine Oil

Heavy Duty Engine Oil is designed to provide advanced lubricant performance in heavy duty diesel engines

- Valvetrain wear protection and reduced oil filter restriction at high soot levels
- High temperature deposit control
- High TBN level for long-life performance
- Suitable for use with low sulphur fuels

Product Number:	
	15W-40

High quality lubricants guaranteed to meet most up to date product specifications

Automatic Transmission Fluid

Formulated with premium base oils to ensure smooth shifting, eliminate slippage and shudder, prevent clutch wear and improve drivability

Dex/Merc: for use in GM and Ford vehicles

+4: for use in new and old Chrysler transmissions; fully backward serviceable with ATF +3

Mercon V: for most Ford vehicles including Lincoln and Mercury except those specifying MERCON® SP or Type F fluids

Dexron VI: for use in new and old GM transmissions; fully backward serviceable, and can be used wherever DEXRON®-II and/or DEXRON®-III are recommended

Multi-Vehicle: for use in a wide variety of vehicles, including most Ford, GM, Toyota, Honda and many more domestic and import models

Gear Oil

80W-90 Conventional Gear Oil

Conventional Gear Oil is a thermally stable, extreme-pressure gear lubricant that withstands severe temperatures and shock loading while providing excellent anti-wear, anti-scuffing, rust and corrosion protection

- Outstanding thermal stability for cleanliness and longer service life
- Protects gear teeth from wear, pitting and scouring

75W-90 Synthetic Gear Oil

Synthetic Gear Oil is a thermally stable extreme pressure gear lubricant recommended for hypoid and other gears in automobiles, trucks and off-highway vehicles

- Formulated for use in both regular and limited slip differentials where GL-4 and GL-5 is recommended and non-synchronized manual transmissions where GL-5 is recommended
- For use also where high-speed, high-torque, and high-horsepower conditions exist

Product Number:		Product Number:	
12/1 Quart:	5831	12/1 Quart:	851588
5 Gallon:	PM5838		

Power Steering Fluid

- Prevents leakage & squealing under severe conditions
- Protects against pump breakdown
- Keeps seals and o-rings pliable

Product Number:	
12 Ounce:	PM70-900
32 Ounce:	PM70-953
